Welcome to the Oracode family,

Thank you for contacting Resorts Locksmith Services about the Kaba Internet Based Keyless Access system, Oracode.

As discussed we have e-mailed this form for you to fill in so we can open an account for your lock and/ or web fees. The annual web fee is $168.00 per calender year (Prorated for time passed), then subsequently invoiced end of each year for the following year thereafter. We will require written notification should you want to discontinue the e-code access.

Once we have the contact & credit card info we will then create your account and provide you with the necessary training to access the web site.

Please email this back to resortslocksmithservices@gmail.com

If you have any questions regarding this process, please contact us at 850-499-0931

Yours Truly,
Resorts Locksmith Services
